## NOVEMBER NEWSLETTER

### ANNUAL HALLOWEEN PARADE A HUGE SUCCESS....

ON OCTOBER 31ST, THE MES GYM WAS FILLED WITH GHOULS, GOBLINS, SUPERHEROS, AND UNIQUE COSTUMES FOR ALL TO SEE. IT WAS A GREAT EVENT AND ALWAYS A HIGHLIGHT WHEN OUR VISITORS MAKE AN APPEARANCE AND WE ATTEMPT TO GUESS WHO IS WHO! SPECIAL THANKS TO ALL THE STUDENTS WHO PARTICIPATED ON OCTOBER 31ST AND MADE THIS HALLOWEEN MEMORABLE FOR ALL.

A special thanks to MES leadership group, Mrs. Blyth, and Ms. Mulvey for their hard work preparing and planning for the Remembrance Day Service. The service is our way to show respect to the 1,500,000 Canadian men and women who have served and the more than 100,000 who have been sacrificed, to foster peace in all international conflicts since the First World War. It was an excellent service and we are very proud of our students for the fantastic job they did. The poems, stories, artwork, songs, and speeches were all a great way to show respect. In addition, all students in attendance were very well behaved and attentive to the program.

Thank you for your participation.

Now that term one has come to an end and all students have received their report card, students should look to make both academic and learning behavior improvements in the next term. Families are encouraged to read the report card comments thoroughly and support their child(ren) to make the necessary changes to improve in term two.

# I FEEL LIKE CRANKENSTEIN

★ ★ Grade 1-2 Penner ★ ★

I feel like Crankenstein when my sister pushes me.

I feel like Crankenstein when I go to bed.

I feel like Crankenstein when I wake up.

I feel like Crankenstein when my mom wakes me up.

I feel like Crankenstein when my sister takes my toy.

I feel like Crankenstein when my sister bugs me.

## Divisional Volleyball Wrap Up Report

Congratulations to MES volleyball players for an exciting and successful final tournament. MES won both titles at the divisional tournament on November 20th. One of our girls team played WMCI in the final and they were victorious. On the boys side it was an all MacGregor final. The Mustangs came up against a tough opponent (WMCI) and both MES teams came out on top. Both semi finals

were epic battles that took three close sets to advance to the gold medal game.

Congrats to all players and coaches.

Learning about Adaptations..... (Grade 3-4 Wooley)

Hey, hey, hey! My name is Derik the Arctic Zebra. I have adaptations to help me survive. My first adaptation is thick fur, I need thick fur to survive the harsh cold! Second, I need paws so I don't sink into the snow. Then I have a long snout to dig in the snow and find all types of grasses. Last but not least, I have long, long legs to run away from polar bears, wolves, and all types of Arctic predators. I hope you had a good time talking to me and I hope my adaptations work.

Hello, my name is Skinny Bones the grassland fish. I have special adaptations that help me survive in my new habitat. I have long legs so I can get away from predators. I have removed all my body fat so I can run faster. Then, I have lungs so I can breathe air and sharp claws to get food.
